

## Information about Religious Education

'The Catholic school is first and foremost a place to encounter the living God who in Jesus Christ reveals his transforming love and truth. Its primary goal is above all a question of communicating Christ, of helping to form Christ in the lives of others. That is the reason for their existence.'

From *The Catholic Education of School-Age Children*  
(NZ Catholic Bishops Conference 2014)

**Our Catholic character is the beating heart of St Mary's College. The Faculty of Religious Education is a vibrant and engaging community of learners. Our mission is to ignite and fan the flames of whakapono/faith in Te Atua/God and to educate ākonga/students in a wide range of dimensions of the Catholic Church.**

The Special Character of St Mary's College is lived out each day in many ways. As a community we attend regular Mass, we pray frequently, we are knowledgeable about our Mercy charism, and we consciously aim to reflect Jesus in our actions. Every student partakes in retreat every year and attends regular Religious Education classes.

We have a range of Special Character service and co-curricular opportunities and groups in which we wholeheartedly encourage the students to participate. These include:

**Sacramental Programme \* Servant Leaders \* Liturgical Representatives \* Young Vinnies \* Gospel Choir \* Liturgical Dance \* Adoration \* Rosary Group \* Year12 Quest Retreat \* Mission Representatives \* Halo Club**

Faith Alive site for Years 7/8 <http://www.faithalive.org.nz/>

Faith Central site for Y9-13 <http://www.faihtcentral.co.nz/>

**Q: Is it all really Catholic?**

**A:** Yes! We are proudly and unapologetically *Catholic*. The Tō Tātou Whakapono Our Faith curriculum is designed to educate students about *Catholicism*, and its place in the world. Whanau who choose St Mary's College should have a desire for their child to receive an education in Catholic Church teaching.

**Q: Will they learn about other religions?**

**A:** In Year11 and Year12 there is a unit of work, giving an overview of world religions, then focusing on comparing and contrasting key beliefs with Catholic Church teaching. In Year10 students learn about Islam in the Middle Ages history topic. Due to Christianity's shared history with Judaism, there are elements of Jewish practice and tradition woven through the curriculum at most year levels. In Year9 and Year11 students learn about Māori spirituality.

**Q: What if the students have never done Religious Education before?**

**A:** The Tō Tātou Whakapono Our Faith Curriculum is a Year1 to Year13 course. Learning objectives at Year7 assume the student has already completed 6 years of this curriculum. Because of this, students who are new to Religious Education at Year7 will be introduced to a lot of new concepts. The Year7 programme has been adapted to support all Year7 students. Teachers of Year7 will support your daughter so she can access the curriculum, however your support and input is vital.

**Q: What if we are not Catholic?**

**A:** First and foremost - we love and appreciate all akonga in our classrooms and are very inclusive. Parents are the first teachers of their children in matters of faith, and it is our job to work in partnership with you. It is important to note that Catholic Church teaching will be presented to your daughters as Religious Truth, therefore it is vital that you discuss religious concepts with your daughters - particularly if your family are members of a different Faith Tradition, or don't prescribe to a particular Faith Tradition.
