

2020 VISA REQUIREMENTS

There are two types of Visa's available for a student studying at our school.

ONE YEAR VISA or **PATHWAY VISA** for more than one year and up to five.

For a **PATHWAY VISA** the parents need to provide bank statements to show they have enough income to support their daughter for the current year AND the ability to pay the remaining years (\$15,000 each year) through bank statements showing investment income or regular employment income. The more evidence to show proof of funds the better.

ONE YEAR VISA

St Mary's can apply on-line for a student visa for a student and an email photo ID is needed (**which the school can take**).
